MRS. BROWN INJURED

WIFE OF A. C. BROWN THROWN FROM CAR IN COLLISION MAKING GOOD RECOVERY

Friends of Mr. and Mrs. Arthur C. Brown, of 201 Milford street, will be distressed to learn that their delightful auto tour to the Sequoia National Park in Tulare county was marred by a sad accident though happily the results were not nearly so serious as they might easily have been. They had gone to the park after a fine visit with their son, Harold C. Beason, who has an orange ranch at Lindsay, and in coming back from the park, at Lemon Cove, were smashed into by an autoist who evidently forgot he was coming on to a public highway and neglected to take sufficient precautions. Mrs. Brown was thrown from the car and was unconscious for several hours. Her little son, Meredith, was also hurt some. The others in the car were uninjured. A passing machine conveyed the party to the nearest physician in Exeter, where Mrs. Brown remained in a sanatorium until she could be removed to the home of her son in Lindsay. As the weather was very hot there she felt she would mend faster at home and so, last Tuesday, they started for Glendale, having so arranged the car as to provide a bed for Mrs. Brown. They came by way of Bouquet Canyon and made stops at Bakersfield and Elizabeth Lake. In spite of the roughness of the road she stood the trip well and is making a very satisfactory recovery. Fortunately their baby grandchild had been left at home and so was not with them when the accident occurred. Mrs. Brown is game and says her mishap has not obliterated the vision she carries of beautiful Sequoia Park where they saw "General Sherman," the oldest and biggest vegetable citizen of the world, which was a big tree when Methuselah died and whose age is now reckoned at 4000 years or thereabouts. They also climbed to the top of Mount Moro, 7000 feet high, and made themselves familiar with all the wonders of the park.

SOUTHERN CALIFORNIA ADVENTIST CONFERENCE

At the Southern California Conference of Seventh Day Adventists which preceded the big camp-meeting now being held in Los Angeles, President Hare urged among other important recommendations which will probably receive favorable attention that the Glendale Sanitarium and the San Fernando Academy be further developed. Among the Adventist congregations which are planning to either erect new buildings or make extensive improvements, Glendale was mentioned. The committee appointed to nominate standing committees was as follows: M. M. Hare, W. M. Adams, G. A. Snyder, V. H. Lucas, Pasadena; W. D. Salisbury, Glendale; Dr. C. A. Burrows, Glendale; S. W. Beasley; W. M. Campbell; I. A. Ford, Glendale; John Nichol, San Fernando; I. W. Blackburn; W. H. Hall, Pasadena; Floyd Ashbaugh, Paso Robles; P. C. Kelley, Santa Barbara, A. E. Parker, Long Beach.

The following committees were chosen to serve throughout the camp-meeting season: Nominations, J. W. Christian, Glendale; A. E. Parker, Long Beach; C. E. Kimlin, Glendale; F. C. Kelley, Santa Barbara; A. F. Jensen, Los Angeles; R. T. Kelley, Pomona; J. D. Rhodes, Los Angeles. Credentials and licenses, J. W. Christian, G. A. Snyder, Alhambra; W. M. Adams, Los Angeles; G. W. Reaser, Glendale; W. H. Bradley, Santa Monica. Plans and recommendations, W. D. Salisbury, Glendale; W. T. Knox, Washington, D. C.; G. W. Reaser, Glendale; M. M. Hare, Los Angeles; W. W. Ruble, Glendale; C. V. Leach, Washington, D. C.; F. E. Painter, Glendale; Miss Jennie L. Ireland, Los Angeles; Miss Matilda Voss, Los Angeles; Dr. J. W. Westphal, Glendale; C. S. Prout. Los Angeles; Prof. M. E. Cady, Berkeley; Prof. A. Earl Hall, San Fernando; E. S. Emmons, Los Angeles.

Plans for largely expanded work among both English and foreign-speaking peoples are being formulated and interesting reports are being received, that of C. L. Cyphers, Secretary-Treasurer of the Tract Society showing that sales of literature in 1918 amounted to $30,740, against $22,124 in 1917, purchases of Adventist books, periodicals, etc., in the counties of San Luis Obispo, Santa Barbara, Ventura, Los Angeles and part of Kern since 1915 totaling $107,417. Secretary-Treasurer Mecum reported that last year's receipts of tithes and donations totaled $83,750. The White Memorial and Paso Robles Churches of Los Angeles were admitted to the sisterhood of churches of the conference.

GOING TO ENGLAND

ROSS SALISBURY COMMISSIONED TO ESTABLISH LONDON OFFICE OF ALLIED MACHINERY CO.

Mr. and Mrs. Ross Salisbury of Yonkers, New York, who have been visiting Mr. Salisbury's parents, Mr. and Mrs. R. A. Salisbury, and other relatives, have returned to their home preparatory to transferring their residence to London, Eng. While here they were guests of honor at a family dinner given by Mr. and Mrs. R. A. Salisbury and were also dinner guests of Mr. and Mrs. C. D. Lusby, Dr. and Mrs. C. R. Lusby, Dr. and Mrs. Ralph Lusby of San Fernando, Mr. and Mrs. Harold Salisbury and Mr. and Mrs. Frank Parsons. Ross Salisbury has been away from California for five years and in that interval has been graduated from the Boston School of Technology and has wooed and won the wife he married a year ago. His relations with the Lusby family are more than usually close because Willis E. Lusby, who is connected with a New York bank, was attending Harvard when Ross was in Boston and the two were room-mates. They now are neighbors at Yonkers. Mr. Salisbury goes to London to establish an office for the Allied Machinery Company and expects to be gone two years.

UP-TO-DATE CAMP-MEETING FACILITIES

At the big camp-meeting of Seventh-Day Adventists now in session at Western and Melrose avenues, Los Angeles, a cold storage vault with a capacity for holding half a carload of provisions and two tons of ice has been provided for the cafeteria and grocery store which will minister to the needs of campers. C. E. Kimlin, of Glendale, manager of the cafeteria, says that to feed the big crowds he will use every day half a ton of potatoes, two tons of watermelons, from 25 to 30 lug boxes of tomatoes besides a case of gallon tins of tomatoes; 25 to 30 lug boxes of peaches; three large bunches of bananas, two or three crates of lettuce; two or three lug boxes of cucumbers, hundreds of loaves of bread, 75 to 100 dozen rolls; 40 to 50 cases of fresh milk, besides a large quantity of other foods. No meat will be served.

ENTERTAINED AT BEACH

Mrs. Ella Richardson and sons Elkanah William, Paul Eddy and John Henry, and their aunt, Mrs. Rose John, spent Thursday in Long Beach as the guests of Mr. and Mrs. Frank Taylor, and their daughters, Margaret, Ollie and Kathleen, of 600 Central avenue, who are neighbors of Mrs. Richardson. The day was pleasantly spent in swimming and other diversions, with luncheon included and in the afternoon Frank Prouty and his friends entertained with a musical at their apartments, Miss Lolita Mason being of the party.

NEW CHRISTIAN COLLEGE ASSURED

Readers of the Evening News who have read with interest statements in these columns regarding the new Christian College for Southern California, will be pleased to know that the project is now assured. Five acres of ground have been purchased adjoining the State University on Vermont avenue and ground will be broken as soon as plans are completed. C. C. Chapman, of Fullerton, not only gave $200,000 to start the fund, on condition that the Christian Churches raise $100,000, which they have done, but will give $2 for every $1 contributed over these amounts.

RAILWAY STRIKE HINDERS GLENDALE MAN TAKING JOB

R. P. Jodon of 224 South Louise, who was thrown out of work 11 weeks ago by the shipyards strike and crippled while at work on a High School job three weeks ago, was intending to start for Fresno last night to accept a situation with an electrical company. He had his ticket bought and baggage checked, but when he went to board the train, there was no train, on account of the big strike, so he will be compelled to go on the stage line.

WILL IT BE EVER NEW?

Movie companies are no novelty in Glendale, yet every time a scene is filmed on the streets or vacant lots, a crowd of curiosity lovers throng about the actors. Scenes were filmed along Broadway and streets crossing it, Thursday, and considerable interest was excited among passersby. Some of the store and office doors in the vicinity of the work were almost blockaded for a time.

PARIS.—After Herbert Hoover's protest against the Archduke Joseph, in which he urged the Allies to oust Joseph as head of the Hungarian government, and permit the establishment of a popular government, the council of five notified the Archduke that the Allies would not treat with a member of the Hapsburg dynasty. They declared also that they would not recognize his government.

(Special Service to Glendale Evening News)

WASHINGTON, Aug. 22.—The decision of the Senate Foreign Relations Committee to further lengthen hearings on the treaty by granting hearings to the Greek, Irish, Egyptian and mid-European representatives, today threatened to renew the agitation for taking the treaty out of the committee's hands. The majority of the committee took the position that the subject peoples who did not get satisfaction at Paris should be allowed to air their grievances.

HOLIDAY TO BE DECLARED IN WASHINGTON

(Special Service to Glendale Evening News)

WASHINGTON, Aug. 22.—President Wilson may go to New York to greet General Pershing who is expected to arrive from overseas about September 8th or 9th, according to reports given out at the White House. It was also announced that the President will declare a holiday for the parade of the First Division in Washington September 16th, although he may not be in the capital on that date if he goes on the League of Nations tour. It is not considered probable that the President will be in San Francisco to review the fleet September 1st, as planned. To do so it would be necessary for him to go direct to the coast and give up the plan of speaking en route.

Y. P. B. MEETING

JUBILATION OVER NATIONAL PROHIBITION AND PLANS FOR FUTURE WORK

The auditorium of the Baptist Church was well filled for the evening session of the convention which is being held this week in Glendale by the Southern California Young People's Branch of the W. C. T. U. The audience showed most friendly appreciation of the program in spite of disappointment of officials over failure to have the promised address by Mrs. Stella B. Irvine, State President of the W. C. T. U. As compensation, the address of Miss Alita Williams, who is president of the organization, was saved for the evening and a good talk was made by the State General Secretary, Mrs. Doughty, both of whom expressed the thought that there is cause for thanksgiving because prohibition is now in effect in this country, and both of whom referred to work to be done in combatting the evils of the tobacco habit.

The program was well interspersed with music, two solos being of special interest, viz., the piano number by little Margaret Runkle, and the violin number by Miss Evangeline Quackenbush. A semi-dramatic number entitled "Red Letter Day" was staged by members of the local branch and directed by Miss Helen Esterly, and a pretty tableau by the same young people who were dressed in white and placed in pyramid form displaying banners of "Peace," "Victory," "Prohibition" and "Jubilee," with song accompaniment, closed the evening which opened with a prayer by Rev. R. W. Mottern, pastor of the First Lutheran Church.

Morning and afternoon sessions are being held today at which reports will be received and inspiring addresses will be made, Mrs. G. H. Rowe, who is the director of the Glendale Y. P. B., reporting for the local organization.

GRIST FAMILY UP AGAINST IT

Charles Grist and family are "up against it." The house they have been living in at 317 North Brand has been sold to J. F. Stanford of 1249 South Central avenue, and the Grists expect to give possession about the first of September with no place to go. George Grist is coming home next month and they will require a house of seven or more rooms. Miss Aileen Grist is urging a move to Los Angeles as she expects to resume her music course under Los Angeles instructors this fall and will find it more convenient to live in the city. Miss Grist also conveys the news that her fiance, Albert Whelon, who has been a book-keeper this summer on a big ranch in New Mexico, where his knowledge of Spanish has been of great service, is coming the first of September to enter Stanford and take up elective work in an engineering course.

IMPROVEMENT IN CERRITOS SCHOOL

Residents in the south part of Glendale are very much pleased with the appearance of the Cerritos Avenue School, which has been painted a blue gray on the outside, and thoroughly renovated on the inside. It looks like a new building. The trees have been trimmed and the grounds made neat and tidy.

WATER SHORTAGE BECOMING ACUTE

Many of the smaller communities near Glendale that are served by local water companies are experiencing a shortage of water and are being urged to rigid conservation of the supply until the rains set in. The three dry winters just past have cut down the water supply alarmingly and even a flood will be welcomed this year.

TRAINS ABANDONED AT GLENDALE AND BURBANK

The great railroad strike, which was called without warning Thursday evening left trains stranded all along the various lines. An outgoing train on the S. P. was deserted by the crew at Burbank and an incoming train at Glendale station. The company sent out motor busses to bring in the passengers, as there was no interurban service after night on the P. E.

PROF. KIRCHOFFER RETURNS

Alexander Mitchell reports the receipt of a communication from Prof. Kirchoffer, who has returned from his trip to the east and who has resigned his work in Hollywood High School to be able to devote more time to outside chorus work. FOUR WEEKS' TOUR

MRS. FINLEY RETURNS FROM SAN JOAQUIN, SANTA CLARA, RUSSIAN RIVER COUNTRY

Mrs. R. P. Finley of 1223 East Elk has just returned from a tour of the north in which she visited in twenty-four homes of relatives and friends, some of them old neighbors, and some friends of her childhood. Her itinerary included Porterville, Modesto, San Jose, Oakland, Petaluma and Santa Rosa. At Porterville and Fresno she nearly baked, the mercury at the city last named registering 110 on Wednesday of the present week. Oakland was so chilly that she had to seek a fire to be comfortable. At Petaluma and Santa Rosa the weather was delightful but the place that pleased her best, the only one where she would have been content to make a home was Modesto, its climate, its beauty, its wide, clean streets and its business prosperity making a strong appeal. She saw thousands of melons in fields between Modesto and Turlock and it is also a great grain raising country. At San Jose she visited the Radley and Ray families, who were former residents of Glendale.

THE AGE OF STRIKES

This seems to be the age of strikes and conditions of unrest among what should be a satisfied people. The blame rests somewhere, but who is able to locate it. Soon conditions will be such that men with capital will withdraw their money from industries that are now giving employment to millions of people, and there will be a repetition of the panic of 1893-1896, when all factories and mills closed down and the man depending on a salaried position thought himself extremely fortunate if he got to work half time at very low wages. The owner of the farm or ranch and the man with several thousand dollars ahead lived quiet and retired lives and did not bother themselves about the trials and tribulations of the other fellow.

The effects of a strike react in many instances doing greater injury to the striker than any other one. It is only natural that the man who invests money in industrial enterprises does so with a view of getting fair returns on his investments. When the investor finds he can not make anything on his investment and there is a chance of his losing the principal, he will hastily withdraw money invested. The rule is as sure as the rule that night follows day that whenever a war is waged against capital, capital retreats. It will not stand fire. "It takes money to make the mare go" is an old saying and a true one.

Maybe it would be better not to give capital so much power, but according to present laws capital can not compel men to work for its interests and the same law of justice can not compel capital to work at a loss for the interests of the masses of people. Strikers should think twice before carrying things so far that capital will withdraw from business.

PYO-REM

"THE DENTIST'S FAVORITE PRESCRIPTION"

A PERFECT, PLEASANT, PURIFYING MOUTH WASH

Makes the Gums Firm and Healthy and the Breath Sweet

Pyo-Rem is indicated for Pyorrhea, tender, bleeding, soft, spongy or receding gums, soreness caused by wearing plates or artificial teeth, sore throat, tonsilitis, cold or canker sores, and offensive breath.

Pyo-Rem is a real medicine and must be diluted as directed. It is so concentrated in drug strength that one bottle is equivalent to three or four of the ordinary weak watery preparations commonly sold.

For Pyorrhea (Rigg's Disease) consult your dentist FIRST as all calculus must be removed from the teeth. He will inject Pyo-Rem (full strength) into pockets and give directions for daily use, which keeps the mouth in perfect health.

Pyo-Rem Paste, which contains potassium chlorate and the essential ingredients of Pyo-Rem liquid, is excellent for cleaning the teeth. The liquid should be used, one or two teaspoonfuls in a wine glass of water, as a mouth wash, 3 or 4 times a day. This will keep the teeth clean, prevent tartar formation, make the gums firm and healthy and keep the breath sweet.

Pyo-Rem is soothing and healing for wisdom teeth slow to come through, after extraction of teeth, for salivation, cuts, burns and scalds.

TUJUNGA

Miss Stella Wieman returned from France on Monday evening, and a fine surprise awaited her arrival. All of her brothers, sisters, sisters-in-law and their children were here to greet her. There are eight children in the family of W. H. Wieman, and with the grandchildren nineteen sat down to dinner on her arrival, as well as her grandfather, who is 99 years young. All of the village extend congratulations to Miss Stella on her safe return, and hope that Mr. and Mrs. Wieman will have many more such happy meetings in the years to come.

Mrs. Wilmot Parcher was quite ill for some days with lumbago. There have been quite a good many of these cases in this vicinity that come quickly and sharply, hold the victim about a week then suddenly depart. Seems almost like an epidemic.

Mrs. Dunlap, of Whittier, has purchased, through Dean & Co., the place known as the Chalfont place on Sunset boulevard, and will make her home here.

Miss Barker, of Glendale, is staying at Mrs. Colburn's for a few weeks.

The party of ladies invited by Mrs. Richardson for a trip to see the fleet last Thursday, visited Hermosa, Redondo and Long Beach, and had a very enjoyable time, part of them enjoying bathing in the surf. On the way home they took the longest way and passed near Seal Beach, through Santa Ana, Orange, Fullerton and on the highway through Montebello to Los Angeles. The walnut trees on the way were loaded with fruit even to the breaking point, and gave evidence of a great crop. The party arrived home at 10:30 p. m., tired, but happy, and ready to go again at short notice. It was expected that it would be a ladies' party, but Mr. Richardson concluded to go along and chaperone us, which he did, in a very creditable manner, and the ladies unanimously agreed to take him with them next time.

TRUSTEES' MEETING

(Continued from Page 1)

removal of said plant into such district, or by the adoption of such measures or ordinances as will compel said concern to install such kind of machinery, etc., as will avoid all noise, smoke, soot and odor in the immediate neighborhood thereof.

Presented at the same time with this protest, and also read, was a communication signed by Mrs. F. H. Eilers and seven other signers of the previously read petition, stating that their names had been signed to the protest, not because of their own knowledge, but on account of representations made to them by other persons, and that their intent was to petition for the formation of an industrial district.

Trustee Jackson made a motion, seconded by Trustee Henry, that the request of the protestants be denied.

Mr. Kinnan, attorney for the protestants, addressed the Board in reference to the subject, as did also H. P. Coker, owner of the property complained of. Mr. Coker stated that it is his intention to install, as soon as the power can be furnished by the city, electrical energy to take the place of steam power now used in the plant.

A vote on Trustee Jackson's motion to deny the request of the protestants resulted as follows:

Ayes: Henry, Jackson.
Noes: Shaw, Woodberry.
Absent: Muhleman.

The result of the vote left the matter to be taken up again as unfinished business.

City Clerk

The City Clerk requested that the Board order a correction of the minutes to be made on pages 313 and 315 of Minute Book 7, the meeting of August 7, 1919, correcting certain demand numbers incorrectly recorded as the result of a clerical error. On motion of Trustee Shaw, it was so ordered.

Demands were presented and referred to the Finance Committee.

The Finance Committee reported back with its approval on certain demands, and on motion of Trustee Shaw, warrants were ordered to be issued in payment of the same.

City Manager

The City Manager presented a statement, accompanied by a check for $421.83 received in payment of delinquent taxes and assessments levied against lots 6, 7 and 14, of the Max Muir Tract, and on motion of Trustee Jackson, the action of the City Manager in accepting this sum in payment of the city's claim on the lots, was approved.

The City Manager reported in regard to the protest of Mrs. I. Thompson and others, against the closing of a street running from Palmer avenue south, between Hill and Adams Sts., to the effect that he is unable to find any record showing that any such street has been dedicated, and that the right of way on that line, if any such exists, would rest upon any title that might be acquired by the usage of the public for a period of years.

On motion of Trustee Henry, the request of the petitioners was denied.

On motion of Trustee Shaw, the City Engineer was instructed to investigate and report as to a fence said to have been erected across this alleged roadway on Adams St., south of Palmer.

Opening of Orange Street

The City Attorney reported having filed action for the opening and widening of Orange street.

Tax Rate

The ordinance read at the previous regular meeting, fixing the tax rate, was, on motion of Trustee Shaw, adopted on roll call as Ordinance No. 358, "An Ordinance of the Board of Trustees of the City of Glendale Fixing the Amount of Money to Be Raised by Taxation Upon the Taxable Property Therein as Revenue to Pay the Expenses of the Various Departments of the City for the Current Fiscal Year.

Allow two quarts of water and two teaspoonfuls of salt to come to the boiling point. Drop the contents of one package of macaroni into the salt and water and boil vigorously until tender, 12 to 15 minutes. Drain and use without rinsing with cold water. Spread the macaroni out on a platter to cool, then chill in refrigerator. When ready to serve add one cup of celery cut into ¼ inch pieces and the heart of a small head of lettuce chopped very fine. Serve on a bed of lettuce. The addition of a little green pepper, a pimento and a small portion of cucumber or onions will prove very tasteful.
